

ROHIT RAHUL

MERN AND REACT NATIVE DEVELOPER

✉ rohitrahul2909@gmail.com 📞 7984952055 📍 Vadodara, India 🌐 RohitRahul

SUMMARY

I am a passionate developer with hands-on experience in **React Native** through my internship, along with a strong foundation in the **MERN stack (MongoDB, Express.js, React, Node.js)**. I enjoy building scalable mobile and web applications, learning new technologies, and solving real-world problems through code.

EXPERIENCE

React native intern, Svaapta IT Ally Solution Pvt Ltd 01/2026 – 04/2026
Vadodara
Completed a React Native internship building cross-platform apps, developing reusable UI components, integrating APIs, and debugging issues. Worked on an Employee Management System, gaining practical mobile development experience.

EDUCATION

DIPLOMA IN INFORMATION TECHNOLOGY, IIET, DHARMAJ 06/2020 – 06/2023

BACHELOR OF ENGINEERING IN INFORMATION TECHNOLOGY, SVIT, VASAD 06/2023 – 06/2026

SKILLS

- HTML
- JAVASCRIPT
- REACT NATIVE
- EXPRESS JS
- NESTJS
- CSS & TAILWIND CSS
- REACT JS
- NODE JS
- MONGO DB
- TYPESCRIPT

PROJECTS

KISHANSETU – FARMER TO CONSUMER MARKETPLACE(MERN) [🔗](#)

Kishansetu is full-stack MERN application connecting buyers directly with farmers. Implemented role-based access, REST APIs, responsive UI, and farmer dashboard with cloud image storage using Cloudinary. Enabled direct communication to improve transparency and user experience.

EMPLOYEE MANAGEMENT SYSTEM(REACT NATIVE)

Workly is a centralized employee and project management platform built using React Native, designed to manage tasks, track progress, and improve team collaboration. It allows employees to apply leave, fill and edit timesheets, and manage tasks with features like assigned tasks, completed tasks, and work-in-progress tracking.

WONDERLUST() [🔗](#)

Wanderlust is a full-stack web application developed in the Apna College Delta Course. It is inspired by platforms like Airbnb, allowing users to explore, create, and manage travel listings. The project is built using the EJS and NODEJS and includes features like user authentication, CRUD operations for listings, image uploads, and reviews, providing hands-on experience in real-world web development.

Certificates

- Front-End Internship - CODTECH
- Full Stack Development Internship
